

DHANESHWARI TENDLE

Phone No. : 9372974664 | Email : dhaneshwaritendle5@gmail.com |

EDUCATION

University of Mumbai | B.E (Information Technology): CGPA: 8/10

DEC. 2021– JULY 2025

WORK EXPERIENCE

Software Developer | Vistaar Technology (2025, Mumbai)

- Develop and maintain middleware components integrated with core pricing and optimisation systems.
- Perform Linux OS-level debugging for production and pre-production issues.
- Contribute to design and architecture discussions and review middleware-impacting changes.
- Support pricing optimisation workflows as part of the ABB team

Cloud Governance Intern | Rising Phoenix (2023, Remote)

- Developed automated cloud governance solutions using AWS SDK (Boto3), improving security and compliance for EC2, IAM, and S3.
- Implemented PostgreSQL database for structured logging and reporting, improving decision-making on cloud resource policies.

PROJECTS

Game Development_([To The Elder Tree](#))_

- Developed a 2D adventure-platformer game titled To the Eldertree using Unity and C#, featuring character movement, jump, and shoot mechanics.
- Hosted the game on itch.io for public access and feedback.

Open Education Resource (OER) | MERN stack Web development

- Developed a content-sharing platform for Mumbai University, ensuring structured educational material aligned with the syllabus.
- Integrated user behavior analytics using MongoDB Aggregation Framework to track content engagement and effectiveness.
- Led the project to win the Innovex competition and represented it at Avishkar 2023.

Dry Eye Detection & Digital Eye Strain System (Python, Scikit-learn, TensorFlow, Streamlit)

- Built an AI/ML-based classification system to predict dry eye severity (0–2) using OSDI scores and engineered clinical features
- Trained and optimised traditional ML models (SVM, Random Forest) using Recursive Feature Elimination (RFE) for improved prediction performance
- Integrated a CNN-based ocular image analysis pipeline and developed a Streamlit-based decision support interface for clinical use

EXTRACURRICULAR

Computer society of India | Creative Head

Smart India Hackathon (SIH) | Finalist

CERTIFICATIONS

[Data Analytics Program](#)

[The Complete Oracle SQL Bootcamp \(2025\)](#)

SKILLS

- Frameworks & Libraries: Django, Node.js, React.js, Next.js
- Programming & Scripting: Programming: C++ (system programming), Java (OOP, multithreading), Python(Automation)
- Tools & Platforms: Git, Docker, AWS, Power BI, Unity
- Databases: Oracle, PostgreSQL, MongoDB
- Design: UML (class, sequence diagrams), basic system design documentation
